Cactus barril
Las cactáceas, incluido el cactus barril, ¡pueden vivir de 10 a 200 años! Y apostamos a que las Suculentas LEGO® podrían batir ese récord.

Hojas feroces
Las rechonchas hojas verdes de la planta cola de burro se han recreado con piezas comúnmente usadas para representar huevos de dinosaurio en los sets LEGO®.

Suculenta con inspiración caballeresca
Las puntas de las hojas de la echeveria roja, con su tonalidad rubí, tienen piezas piramidales creadas originalmente para los sets LEGO® NEXO KNIGHTS™.

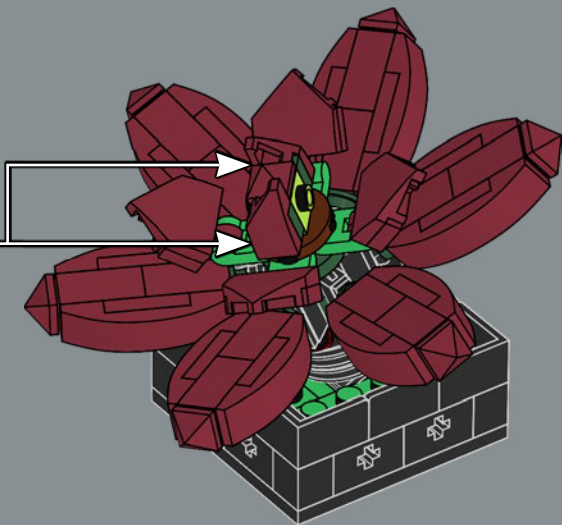

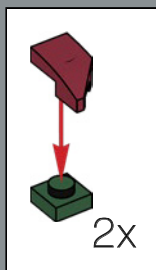

Echeveria roja

El rojo es el color del amor. El próximo Día de San Valentín, ¡olvida las rosas y regala una echeveria roja LEGO® en su lugar!
